**Oral and Maxillofacial Pathology Workshop**

**A PACE-Approved, 7-hour Participation Continuing Education Course**

**Course Description:** This is a 7 hour course designed to include lectures, interactive participant group discussion, and a hands-on workshop. The focus of this course is to expose dentists, dental hygienists, and dental auxiliaries to a wide variety of head and neck conditions while focusing on the more commonly occurring disease processes that involve the oral cavity and craniofacial bone. The course is designed for 5 hours of lecture and 2 hours of hands-on interactive workshop to include an examination of dental radiographic and clinical pathology in a laboratory practicum setting.

**Course Objectives:** At the completion of the course, participants should have a basic understanding of the principles of oral disease, oral cancer, and current trends in oral and maxillofacial pathology. The participant should understand the parameters of a thorough head and neck exam, identify potential disease, and form a reasonable differential diagnosis based on the clinical findings. The participant should be able to contribute in the case management of the patient and enhance the delivery of appropriate primary dental health care.

*Speaker: Captain Duane R. Schafer, DC, USN* is currently stationed at the Naval Medical Center San Diego, California where he serves as staff in the Division of Otorhinolaryngic, Head and Neck Pathology. A native of Butler, Pennsylvania, he received his Bachelors of Arts degree from Miami University in Oxford, Ohio and earned his Doctorate of Dental Surgery from The Ohio State University in Columbus, Ohio. Upon entering the United States Navy in 1987, Dr. Schafer was assigned as a general dental officer until 1993 at which time he was accepted for postgraduate training in Oral and Maxillofacial Pathology at the Naval Postgraduate Dental School in Bethesda, Maryland. While completing his residency training in 1996, he additionally received a Masters Degree in Health Sciences from The George Washington University and was selected for and completed a one-year Callender-Binford Fellowship in the Department of Otolaryngic and Endocrine Pathology at the Armed Forces Institute of Pathology. Captain Schafer returned to Bethesda in 1997 and was named Chairman and Residency Program Director for Oral and Maxillofacial Pathology the following year. Captain Schafer is a Fellow of the American Academy of Oral and Maxillofacial Pathology and is certified by the American Board of Oral and Maxillofacial Pathology.
