

**FDHA COUNCIL
PARTICIPATION FORM**

FDHA Councils formulate and carry out Action Plans to meet the Goals, Objectives and Strategies of the Strategic Operating Plan. Membership on FDHA Councils has certain time obligations. For maximum council output and minimum personal work, our goal is active participation by all members. The time requirements vary by Council.

Councils meet a minimum of two times each year, once in the fall at the Florida Dental Hygiene Symposium and once in the spring. The remainder of most Council business is conducted via email, so email participation is needed.

The minimum requirements for participation are:

Council Chairs are required to attend both Council meetings as well as the Joint Board of Trustees meeting held after the second House of Delegates resulting in a later departure time on Sunday of Annual Session. **Council Chairs** must submit a Quarterly Council Report to the Board of Trustees. This report follows a format and covers the activities and expenses of the council during each quarter. Due increased emphasis and importance, Council Chairs may not **serve on other councils** or **serve as component President**.

Council Members are required to attend both Council Meetings.

If you **can** participate, we **really** need your thoughts, your energy and your enthusiasm. Please fill out the following information and return it to any officer or to the registration desk.
